PURE DYE

CROCHET SILK

A Word About Crochet and Knitting Silks

There has for some time been a feeling of doubt among purchasers of Crochet and Knitting Silk because of various kinds now sold under fancy names, many being labeled *reliable dyes* — *fast colors* without any guarantee or substantial backing of a reliable manufacturer. For the benefit of the skeptical attention is directed to the guarantee circular now being sent out to dealers and published in leading periodicals, which reads as follows:

GUARANTEE NOTICE TO DEALERS AND CONSUMERS

We hereby guarantee that our Black Crochet and Knitting Silk, Purse Twist and 25 yard spools of Crochet Embroidery Silk are positively fast dye and that they will withstand the effects of repeated washings with pure Castile or Ivory soap.

We furthermore guarantee that the dye will not crock and that it will not discolor when kept in stock.

All colors made in these goods are dyed with the same process as our Permanent Oriental Dyes, Art Needlework Silks, the superior quality of which is universally known, and sold with our guarantee.

Meaning of abbreviations: Ch.—Chain, St.—Stitch

To make the leaf.—Ch. of 10, turn, 1 single st. in second ch. from needle. Continue 1 single st. in each ch. until you have 9 single stitches done. Continue on the other side of ch. with 1 single st. in each ch. until you have 8 single stitches, 1 ch., turn, 1 single st., over single st., so continue the whole row. 3 single stitches over last single st. on the row. Continue on the other side with 1 single st. over single st. Continue so until you finish the row, but leave out the last single st. on the row. Turn, repeat, 6 other rows like the last 2 rows explained, and so the center leaf will be complete, and when you are to the end of the leaf make the stem with 10 chains, turn, 1 single st. on the second ch. from needle and continue to make single stitches 1 next to the other over all the chains. The two side leaves will be done like the center leaf and join to the center one by 5 slip stitches, and each slip st. must catch together 1 st. from side leaf and one st. from center leaf.

To make the filling on front of bag.—Take piece of paper 6½ inches wide, 9 inches long, applique the finished piece of back of bag on, be careful to leave out of the paper the lace which is around the piece. Applique on front of paper the 4 leaves on each corner of paper and the rose on center of paper. Make the filling for the empty space with Irish filling st., which is made on the back of bag. On the beginning and finish of each row, filling must catch the leaf or the sides of back piece, so the lace will be left out. The top front part of bag must be like back top of bag.

Back of bag.—Make ch. of 53 stitches, 1 single st. in third st. from needle, 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. in fifth st. from first ch., 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. in fifth st. from 1st ch. Repeat same until you have ten in all. 3 chains, 1 single st. in first three chains from first row, 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. in first three stitches from first row. Repeat same, 10 in all, in each row. Make 21 rows in all. Turn, 5 chains, 1 single st. in first group of chains, 5 chains, 1 single st. in second group of chains. Continue in this way for all row. Turn, 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. over single

st. of row below. Repeat same for all the row. Turn, 3 chains, 1 single st. in first 3 chains before first group, 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. in first three chains before second group. Repeat for all row. Turn, 3 chains, 1 single st. in space before first group. 6 chains, 1 single st. in fourth st. from needle, 3 chains, 1 single st. in first space before second group. Continue like other row, so there will be 4 rows in all, and each row will be one space and one group less than the row below beginning from the first row over straight row of ch. Make 1 row of chains around the piece finished by making three chains each time. 1 single st. in finished piece and be careful to skip so much space in proportion to the length of three ch. stitches so that the row ch. around the piece worked will not be either too tight or too loose.

To make lace around the bag.—1 single, 1 double, 3 treble, 1 double, all in same st. of ch. which is around the piece of the back of bag, 2 chains, 1 single st. in third st., 2 chains, 1 double, 3 treble, 1 double, all in third st. next the single st., 2 chains, 1 single st. in third st., 2 chains, 1 double st., 3 treble, 1 double, all in third st. from single st. Continue in this way around the bag. Ch. 3 and fasten with slip st. in 1st st. of scallop. Ch. 3 and fasten in next st. Continue all around bag.

To make the rose.—Ch. of 5, join in a ring; ch. 3, one slip st. in the first st. of ring; ch. 3, 1 slip st. over the next st. of ring, and so on until you fill the 5 stitches of ring, 1 single st. in the first three chains, 1 double, 5 treble, 1 double again, 1 single st., all in the first three chains, 1 slip st. to catch the first single st. so the petal will be standing up and curved down on the front. Repeat all this in each three chains, so there will be 5 petals in all. 1 slip st. in back of first petal, 4 chains, 1 slip st. in center, double of second petals. Continue so until you complete all the row, 1 single st. in first 4 chains, 1 double, 7 treble, 1 double, 1 single st., all in space of first 4 chains, 1 slip st. to the first single st. so the petal will be standing up and curved down on the front. Repeat this in each four chains until you have 5 petals finished of second row. 1 slip st. in the middle treble of first petal of second row, 5 chains, 1 slip st. in the center treble of second petal. Continue in this way until you finish all the row. 1 single st., 1 double, 9 treble, 1 double, 1 single st., all in first 5 chains. Repeat this in each 5 chains to complete the third row petals.

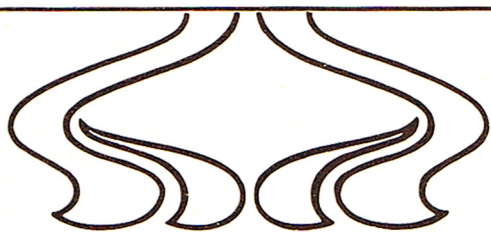

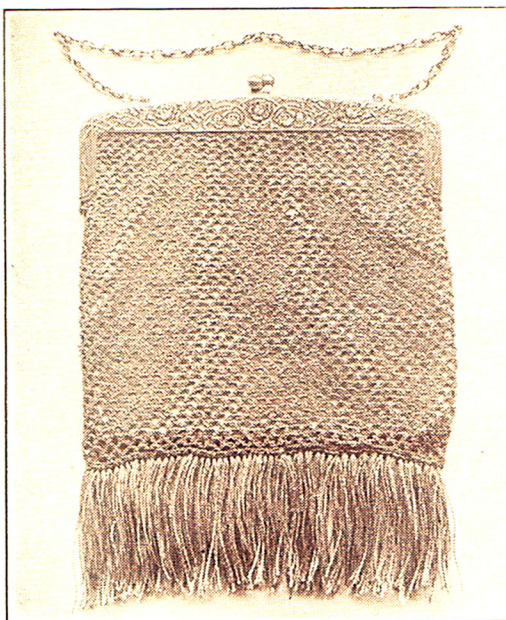

To make the cord.—Make a ch. of 4 and join in a ring. Make 1 single crochet in each of the 4 chains. 2nd row. Make the single crochet in the outside st. between the slanting stitches. Make length of cord 54 inches.

CROCHET TIE

Two Half Ounce Spools

M. Heminway & Sons
Pure Dye Crochet Silk

USE single thread and make a chain of 25 stitches.

First Row. — Skip first chain, make 24 single crochet into 24 chain stitches.

Second Row. — Turn with one chain *three single crochet, picking up both threads of the stitch in preceding row, one single crochet over whole stitch in preceding row, repeat from *four times, ending with four single crochet; this will give you five rows of fancy crochet. Repeat second row until you have 14 inches.

*Decrease one stitch each side of center row, make four rows without decreasing; decrease one stitch each side of rows next to center row; make four rows without decreasing; decrease one stitch at each end by skipping second stitch from each end of row; make four rows without decreasing; repeat from *. This leaves 12 stitches; make four rows of this and then begin neck-band with plain single crochet. Make neck about from 13 to 14 inches, according to size of collar. Then begin short end of tie. Turn with one chain, * one single crochet, picking up both threads of the stitch in preceding row, one single crochet over whole stitch in preceding row; repeat from * four times ending with two single crochet. Increase same as decrease until you have 24 stitches. Make 10 inches more to finish the short end of tie.

If M. Heminway & Sons' Oxford Scarf Silk is used, make two stitches less in width.
